

Dear Learner

You will soon be starting your course at Vision West Nottinghamshire College, where you will be working at a local animal facility as part of your programme of study. To keep you safe, personal protective clothing **must** be sourced and worn on all of your practical days of your course.

This must include:

- **Steel toe capped boots (not trainers)**
- **Work trousers (dark blue/black)**
- **Vision West Notts College T shirt**
- **Vision West Notts College hoodie**
- **Vision West Notts College fleece (mandatory only for L2 and L3 due to year-round offsite work)**

The branded T-shirt, hoodie and fleece are purchased directly by you through Lissports, the approved supplier of Vision West Notts. Please click on the following link to place your order with Lissports <https://lissport.co.uk/wncanimalcare> as soon as possible. Please be aware that ordered items cannot be reimbursed.

Steel toe capped boots and trousers are not available from Lissports so please purchase these from another supplier e.g. Arco, Sports Direct, Screwfix etc.

In order to get your uniform for 8th September, you must ideally order items by 25th July. Any orders placed after this date cannot be guaranteed they will arrive for the course start date. All students are required to be in full uniform by October half term, failure to comply with this will result in being unable to attend practical sessions.

Students in receipt of the bursary should be eligible for support to purchase the uniform. For more information about the bursary please contact student finance at StudentFinance@wnc.ac.uk

If you have any questions regarding purchasing the animal care uniform, please do not hesitate to contact me on 01623 900233 or email polly.wiltshire@wnc.ac.uk

Regards

Polly Wiltshire
